

## LV SWITCHBOARD

Twyver Switchgear have designed, built, installed and commissioned "LV Distribution Switchboards" for a wide range of industries and customers both at home and abroad.

### Reputation of switchboards manufactured by Twyver Switchgear:

- ✓ Quality
- ✓ Reliability
- ✓ Ease of access when terminating cables
- ✓ Extendable with minimum of disruption on site
- ✓ Ease of access for maintenance

Forms of separation to BS EN 60439-1 can be provided including: Form 2, Form 3, Form 4 Types 2,3,5,6 and 7

#### Our designs allow for:

- ✓ Front or rear access cabling
- ✓ Top or bottom cable entry
- ✓ A selection of ASTA certified bus bar systems
- ✓ Insulated bus bar systems when required
- ✓ Choice of paint colour / finish
- ✓ Incorporate components by alternative manufacturers
- ✓ Moulded case circuit breakers or fuse switch units
- ✓ Fixed or withdrawable components
- ✓ Ingress ratings up to IP56

When space is at a premium, dimensions can be tailored to suit customer's specific requirements.
